“A very well organized event with high quality speakers. The large numbers of influential delegates were provided with informative details which will hopefully raise the awareness of sustainability issues for Abu Dhabi and hopefully the region. It was a platform for Osram to present our sustainable products from LED chip and drivers right through to total lighting solutions including the Traxon and Siteco range of products.”

“The organisation of the event was exceptional as was the communication with their staff in the lead up to the event. It was fantastic to see the Leighton brand on all signage etc... Our staff that attended and participated in the conference felt that it was one of the better conferences they had been to and the topics were very relevant to their line of work.”
