Purchasing CIE Publications

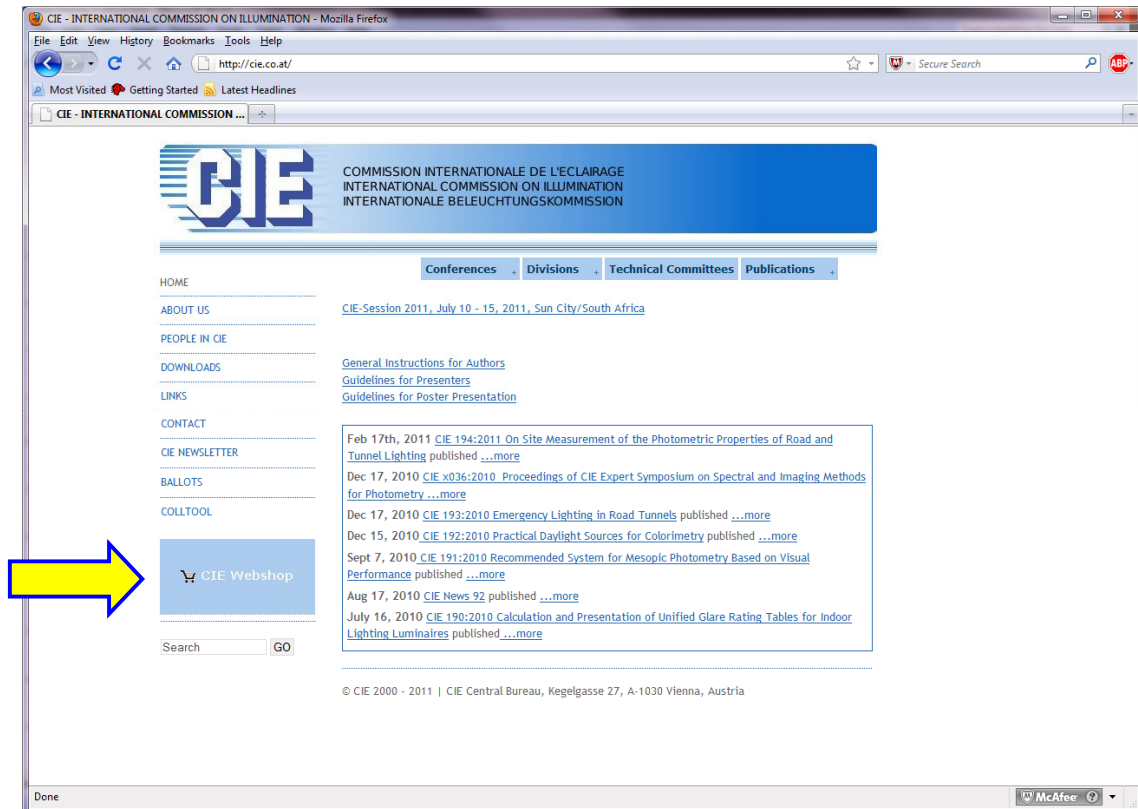

How do you order CIE publications?

How do you get your 66.7% discount?

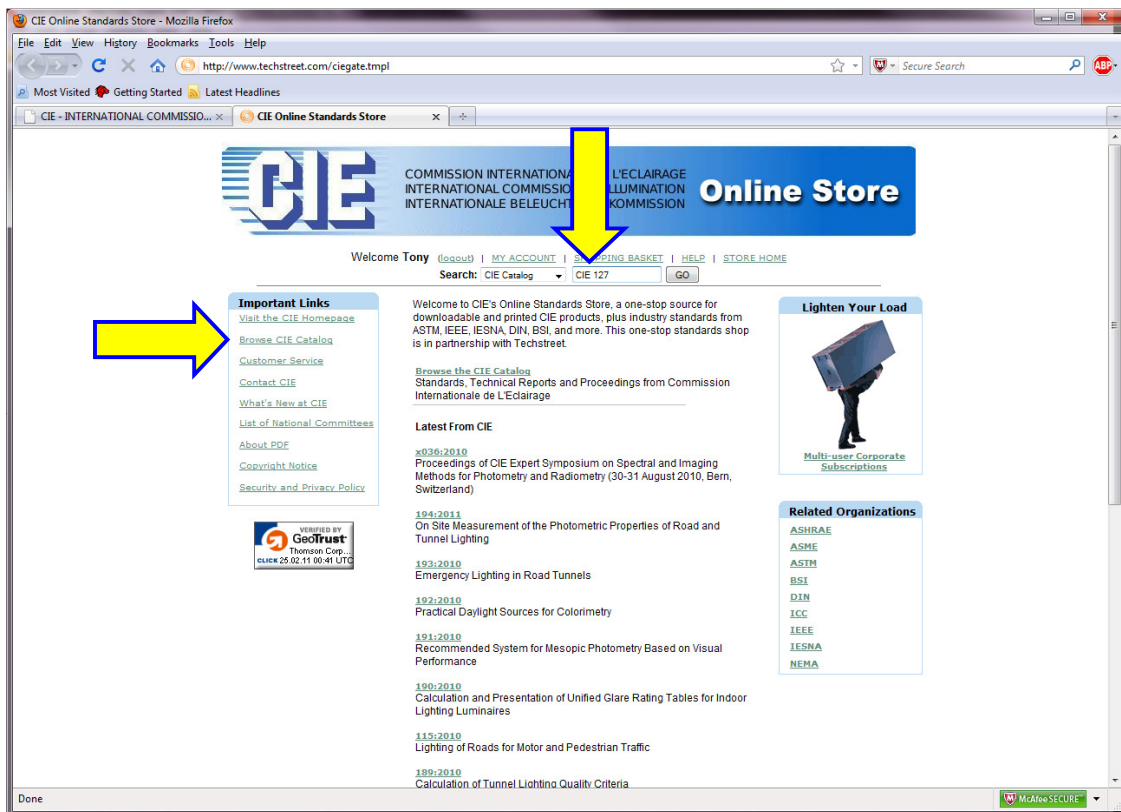

Easy – just follow these instructions!

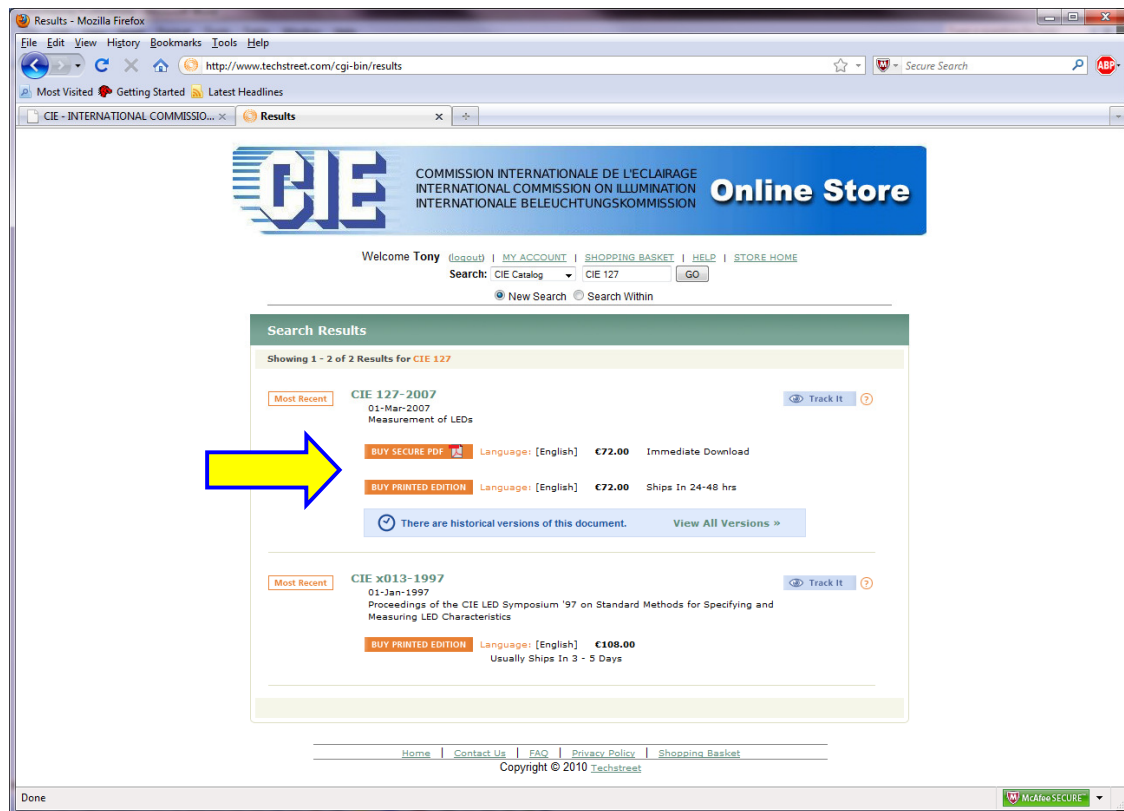

1. Go to the CIE Website <http://www.cie.co.at/>.
2. Click on the **CIE Webshop** link on the left side.

3. The CIE **Online Store** will now load in the window.
4. If you know what you are looking for, enter a publication number into the **Search** box and click **GO**.
5. Alternatively, click **Browse CIE Catalog** to look through all available publications.

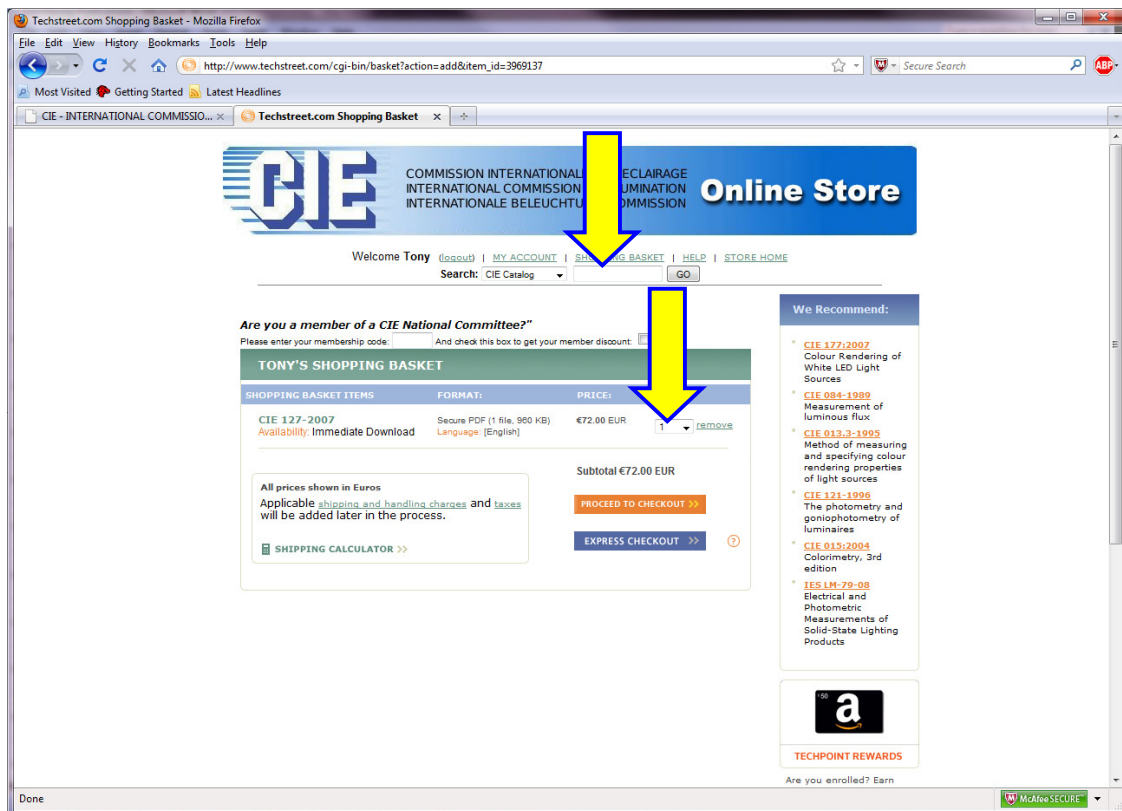

6. When you have found your publication, click on **Order**.

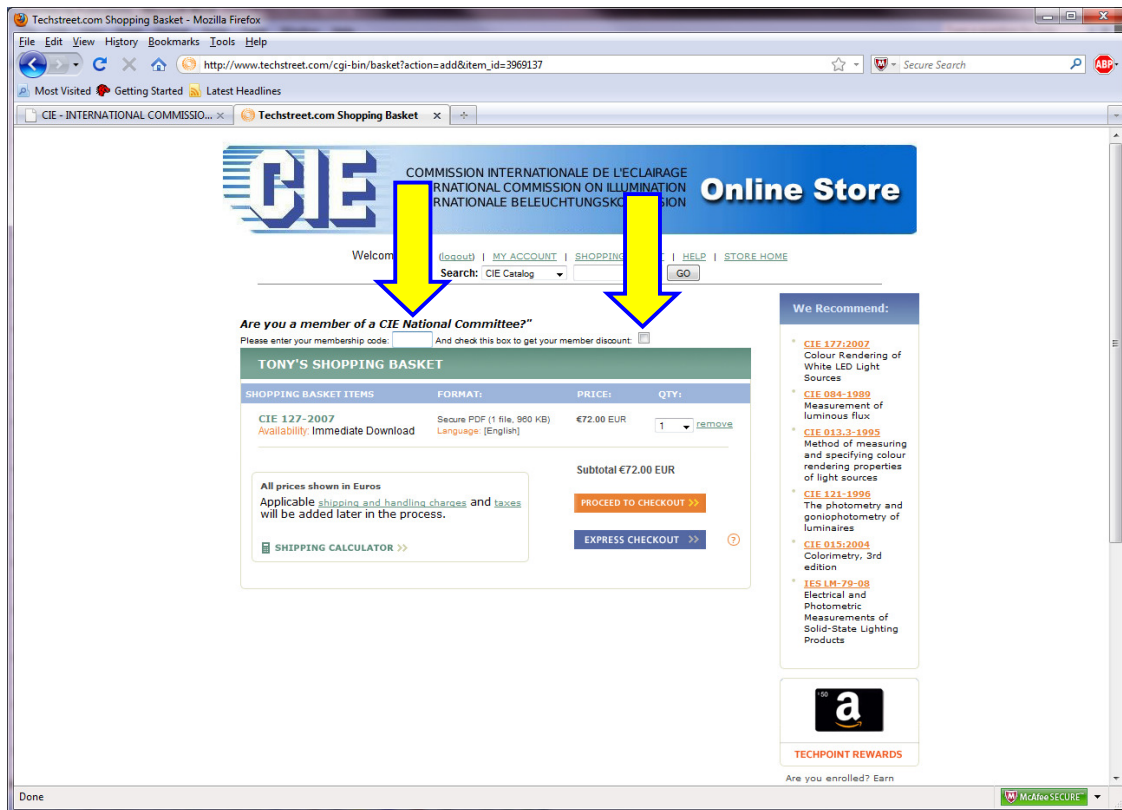

* NB: We suggest that you should carefully consider which publication format would suit you best. The Secure PDF can be downloaded and used immediately, however there are restrictions on its use – it can only be printed once and viewing of the document is locked to the one computer at any one time (transferring the viewing rights from one computer to another requires Internet access on both computers).

More information on Copyright and use of the Secure PDF format can be found by clicking **FAQ** on the CIE Online Store website.

7. To look for more publications, use the **Search** facility again.
8. Or, if necessary, change the order **Quantity**.

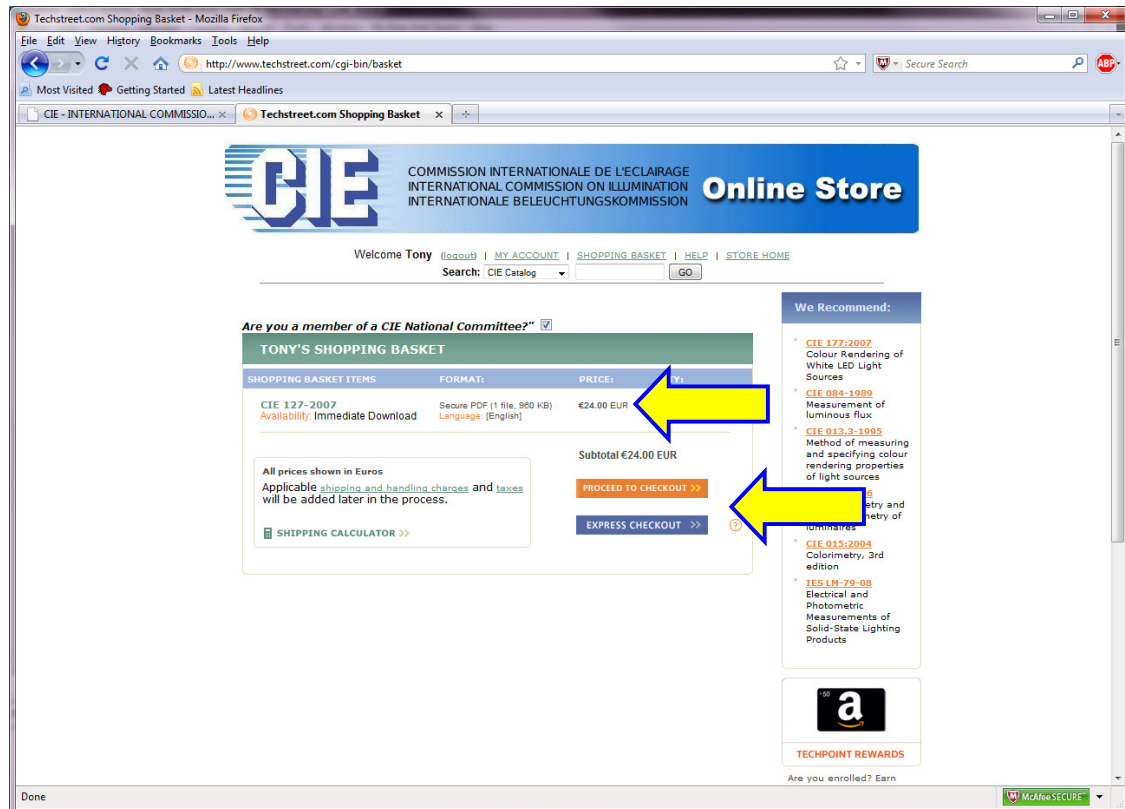

9. When you have finished shopping, enter in the **Membership Code** and **check the box**.

The **66.7% discount** on publications is only available for members of CIE Australia. If you are not a CIE Australia member, see <http://www.cie.org.au/> for more information.

If you are already a CIE Australia member and don't have the **Membership Code**, then please contact the Publications Officer publications@cie.org.au or Secretary secretary@cie.org.au.

10. After you have entered in the Membership Code and checked the box, the **discounted price** will be shown.
11. You can now **Proceed to Checkout**.

For people who regularly purchase publications, there is an **Express Checkout** available which saves you time by bypassing the select address and payment pages.

12. Enter in your **email address**.
13. Specify if you are a **new or existing** customer – if you are an existing customer then enter your password.
14. Click **Continue**.
